Members Present:  David Balai, Cindy Cobetto, Ryan Fries, George Pelekanos, Jennifer Rosselli-Lynch, John Foster, Michelle Shatto, and Collin Van Meter

Ex-Officio Members Present:  Robert Vanzo, Craig Holan, Tony Langendorf, Mallory Sidarous, Daris Hicks, and Diane Chappel

Members Absent: Nicole Robinson (excused), Alexia Burnett, Olufunke Mercy Ayegbidun and Nicole Burbach

Ex-Officio Members Absent:  None.

The monthly Parking and Traffic Committee Meeting convened on Friday, June 10, 2022, at 10:00 a.m. via Zoom and in person. Chair, David Balai, presided over the meeting.

Minutes from the meeting of May 13, 2022, were not presented for approval, but will be presented at the July meeting along with the June 10, 2022 Minutes.

COMMITTEES

A. Appeals Committee:  David Balai reported one appeal was heard and denied.

B. Policy Committee: Ryan Fries reported the Policy Committee did not meet.

C. Senate Reports:

1. Faculty Senate: No report.
2. Staff Senate: No report.

CORRESPONDENCE

There is no correspondence to discuss.

OLD BUSINESS

A. Initiatives Assigned to Facilities Management:  Craig reported no initiatives have been assigned to Facilities Management. No issues to discuss.

B. Motorist Assistance, Citation, Towing Monthly Report, and Moving Violation Statistics, and EV Charging Data:  Tony reported the monthly citations for May were minimal. Tony reported that
Flowbird is out pacing the use of credit cards for pay-by-space parking. He also stated there is a new
text version which he will be exploring to determine if that would be beneficial. The scofflaw limit will
be raised to $200 in July which should reduce the number of people being subjected to towing.

C. Campus Construction Update: Tony reported that Evergreen Hall is getting specific areas repaired
along with a new ADA ramp. Craig Holan added that the East University Drive project is progressing with
grinding down some of the pavement joints throughout the road. The “e” logo will be painted over and
a new design will appear within the next few weeks.

Craig stated that the Health Sciences Building project is being released today. CDB will be repaving and
upgrading lighting in the existing Woodland Hall Lot and repaving Lot 7. Parking Services will be paying
for the construction for the new Woodland Hall Lot. Plan is to build a new Woodland Hall Lot between
Prairie and Woodland Halls, eliminating the need for students to cross University Drive. The summer of
23 we will be doing the other portion of Lot A that was not completed. Lot E will be done with a
redesign to help with pedestrian traffic and vehicular traffic. Lot 9 will be resurfaced, and roadways
between the fan lots will be redone. As alternates, we are planning to build a lot between Metcalf
Theater and Circle Drive to give students more parking on the West side of campus. Additionally, we
would like to improve lighting in other lots. Construction costs have increased 40 percent across the
board.

D. Parking & Traffic Meetings held on Alton and East St. Louis Campuses: Bob stated that we
would like to begin holding one meeting a year at each of the other campuses, Alton Dental
School and the East St. Louis Higher Education Campus beginning in the Fall of 2022. It allows
committee members to visit the other two campuses and understand better what we are
talking about when there are issues on those campuses. All members agreed. Diane will be
setting up the meetings with one in the Fall and the other in the Spring. Once the meetings
have been coordinated with the other campuses and rooms designated, she will advise the
members so they can plan accordingly. A University vehicle will be used to transport the
committee.

NEW BUSINESS

A. Woodland Hall Parking Lot Bids: Tony reported that the bids came in at $1.9 million, higher
than the Board of Trustees approved. Electrical costs are higher due to older fiber that needs
to be replaced. Tony will be checking with Information Technology to see if they are willing to
pay for part of the replacement of the fiber. The total construction project is in two phases
with a total of $9.1 million. Tony also added that the new Woodland Hall Lot is scheduled for
this fall. The rest would begin next summer. The bid is good and we should not expect costs to
go down. The new parking lot for Woodland Hall definitely needs to be completed so the
Health Science Project will be able to move forward.

Mallory asked when the construction would begin on the Woodland Hall parking lot. Tony
stated it would begin August 1, 2022, and run until December 1, 2022. The old Woodland Hall
parking lot would be taken over by January 1, 2023.

The next Board of Trustees meeting will be on July 14, 2022.
ANNOUNCEMENTS

Tony added that permits will be ready for pre-tax purchase between June 20 – 30th. He will send out an announcement via email on June 20th.

ADJOURNMENT

Ryan Fries made a Motion to Adjourn the meeting. Hearing no objections, the meeting was adjourned at 10:45 a.m. The next meeting will be on Friday, July 8, 2022, at 10:00 a.m. in person in the Magnolia Room at the MUC and via Zoom.
