

STEM Outreach Collaborative (SOC)

JOIN US TO INSPIRE THE NEXT GENERATION OF INNOVATORS

We are seeking undergraduate students passionate about promoting STEM through impactful outreach events with local high school communities.

Volunteer Opportunities:

1. Develop Leadership Skills
2. Tutoring and Mentoring
3. Strengthen Your Resume
4. Make a Difference

- This initiative is part of a research study titled "Enhancing STEM Outreach through Collaborative Undergraduate Engagement". Participants who complete a survey and/or focus group will be entered into a random drawing for a \$20 Amazon Gift Card.
- Principal Investigators: Andreia Dexheimer, Laura Tayon, Lillian Waghorn, and Syneda Zunehra Banu (SIUE's Center for STEM Research, Education, and Outreach). This research project was approved by SIUE's IRB (protocol number: 2826, on 12/30/2024)
- Time Commitment: 2 hours per session of volunteering time + 1 to 2 hours for the survey and/or focus group
