

Final Exam Schedule - Fall 2020

Fall 2020 final exams will be held online-either synchronously (in which they must meet during the time posted on the final exam grid) or asynchronously (in which exam details will be provided by your instructor). These schedules apply only to full-term (i.e. 16-week) courses. All other courses will administer final examinations during the final class session.

For scheduling purposes, courses are divided into three categories:

- Finals for all day-time sections of **MATH 120, 120E, 125, 145, 150, and QR 101** occur at 2pm on Monday of Finals Week and do not follow the Type A/Type B classification system that follows.
- **Type A** courses are those that meet during day-time hours on Tuesdays and Thursdays, on Tuesdays only, or on Thursdays only.
- All other weekday courses are considered to be **Type B**.

Final Exams Conflict Policy

If you have more than two final examinations scheduled for the same day, or have two examinations scheduled for the same time, you may request that one of the examinations be rescheduled. You can accomplish this by working directly with your instructors or by submitting an email request to the office of the Assistant Vice Chancellor for Enrollment Management at kweis@siue.edu. The request must include your name, your student identification number, and list of scheduled courses, and must be received by the Assistant Vice Chancellor at least two weeks prior to the first day of the examination period.
