

DISCUSSION: Relationship -1) Lesson to Unit AND 2) Importance of Lesson to Daily Life

Lesson to Unit: Identifying a topic is part of making a lesson organizer

Lesson to Life: Identifying what you need to know and setting out steps to learn it will be used in being a parent, a consumer, an employee, a neighbor, a citizen, a friend and many more places

Self- Test Questions (Evaluation):

- Did I review topics that need to be taught?
- Did I check to see if topic has steps to be put into an organizer?
- Did I check sample organizers to see if one similar already exists?
- Did I brainstorm with colleagues for ideas before moving forward?

Tasks/Strategies:

- ✓ Read manual and notes
- ✓ Discussion with colleagues and students
- ✓ If possible, walk through steps to make sure they make sense
