

# JULY 25-26

## STEM NOTEBOOKS: UNDERSTANDING HISTORY THROUGH A STEM LENS

9:00 AM -3:00 PM (12 PD HOURS)

This workshop introduces ways STEM education can be integrated into elementary and middle school social studies or history curriculum. Teachers will learn about famous historical notebooks with analysis tools and primary sources to encourage **STEM-related thinking** into a classroom curriculum with STEM notebooks. **Teachers will have time to explore** and research primary sources and topics from a STEM perspective. **Additional time will be given to create a plan** to integrate similar lessons and tools into their own curriculum with the support of STEM educators. Lunch included when you register for FREE.

**Free!**  
(Limited space)

Sign up to  
receive a free  
**STEM notebook**  
to bring back to  
your class

Time to  
**collaborate** and  
learn from one  
another

**Flash drive** with  
materials and  
primary sources

**REGISTER TODAY!**

Space is limited.
