

College of Lake County
BUSINESS ADMINISTRATION

Completion of an Associate in Arts or Science degree at College of Lake County fulfills SIUE's general education requirements, with the exception of an Interdisciplinary Studies course that all students must take during their junior and senior year at SIUE.

This "Transfer Program Guide" is an **example** of proposed curriculum for students to use while completing the Associate's degree. Reading, writing and math placement could alter the course sequencing and transfer date. Therefore students should begin sequencing their reading/writing (if applicable) and math & science courses during the first semester, paying close attention to prerequisites. Students have the option of taking summer classes to lessen fall and spring course loads.

It is highly recommended that students meet with a CLC advisor each semester. For additional information please contact the SIUE Transfer Center at 618-650-2131. Please see "**Important Student Notes**" located on page two of this transfer guide.

Fall Year 1

CLC Course		Hours
ENG 121 ¹	English Composition I	3
