Kaskaskia College
Associate in Arts
BUSINESS ADMINISTRATION

Completion of an Associate in Arts or Science degree at Kaskaskia College fulfills SIUE’s general education requirements, with the exception of an Interdisciplinary Studies course that all students must take during their junior and senior year at SIUE.

This “Transfer Program Guide” is an example of proposed curriculum for students to use while completing their associate’s degree. Reading, writing and math placement could alter the course sequencing and transfer date. Therefore students should begin sequencing their reading/writing (if applicable) and math & science courses during the first semester, paying close attention to prerequisites. Students have the option of taking summer classes to lessen fall and spring course loads.

It is highly recommended that students meet with a KC advisor each semester. Please see “Important Student Notes” located on page one of this transfer guide.

1. MATH 166 (Analytic Geometry & Calculus I) can substitute for MATH 246. In the event that MATH 166 is taken, MATH 134 will be waived.
2. MATH 136 (General Statistics) can substitute for MATH 247.
3. Science courses must have one laboratory component. Physical and Life Science may be 3, 4, or 5 credit hours.
4. Students must take one course from Criteria I and two courses from Criteria II, one of which is CIT 150. Minimum remaining credit hours is 4.

The preceding information is provided to assist students in the transfer process. In no way does this document substitute for meeting with an academic advisor. Students are advised to meet on a regular basis with advisors at KC. Courses taken through dual credit can be applied to required SIUE coursework; please contact KC advisor for more information. Please consult Kaskaskia College catalog for additional graduation requirements.
