

**CONSTRUCTION MANAGEMENT
(Land Surveying specialization available)**

**FOR STUDENTS WISHING TO PURSUE A CONSTRUCTION MANAGEMENT DEGREE AT SIUE,
THIS GUIDE IS A SAMPLE OF COURSEWORK THAT WILL MAXIMIZE STUDENTS' TIME AT KC.**

MATH 166 (prerequisite is MATH 135 or 160) and CHEM 103 (prerequisite is MATH 102) should be taken at KC as soon as students have met the prerequisites. SIUE's CNST courses are sequential, beginning the first semester of sophomore year. CHEM 103 and MATH 166 are prerequisites for the first SIUE CNST course.

This "Transfer Program Guide" is an *example* of proposed curriculum for students to use. Reading, writing and math placement could alter the course sequencing and transfer date. Therefore students should begin sequencing their reading/writing (if applicable) and math & science courses during the first semester, paying close attention to prerequisites. Students have the option of taking additional summer classes to lessen the fall and spring course loads.

Additional SIUE general education courses can be taken at KC. It's possible for students to stay longer at KC to complete SIUE general education courses. Many students decide to become dually enrolled, completing Construction Management courses at SIUE while completing general education courses at KC. It is highly recommended that students meet with a KC advisor each semester. Please see "**Important Student Notes**" located on page two of this transfer guide.

Fall Year 1

KC Course	Hours
ENGL 101 - English Composition	3
CHEM 103 - General Chemistry	4
MATH 166 - Calculus/Analytic Geometry I	5
ECON 205 - Principles of Economics (Macro)	3
¹ AI HLTH or PHED course	2
Total	17

Spring Year 1

KC Course	Hours
ENGL 102 - English Composition	3
MATH 267 - Calculus/Analytic Geometry II	4
ACCT 101 - Financial Accounting	4
ECON 206 - Principles of Economics (Micro)	3
PHLE 110 - Logic	3
Total	17

Summer Year 1

KC Course	Hours
ACCT 102 - Managerial Acct.	3
Total	3

¹HLTH or PHED course could be 1-3 credit hours.

Students receive an automatic Business Administration minor with the completion of the degree.

**CONSTRUCTION MANAGEMENT
(Land Surveying specialization available)**

IMPORTANT STUDENT NOTES

The preceding information is provided to assist students in the transfer process. In no way does this document substitute for a meeting with an academic advisor. Students are advised to meet on a regular basis with advisors at KC. Courses taken through dual credit can be applied to required SIUE coursework; please contact KC advisor for more information.

DECLARATION REQUIREMENTS FOR A BACHELOR OF SCIENCE

- A cumulative GPA of 2.0 or higher (on a 4.0 scale)
- Completion of MATH 134

The Land Surveying Specialization is designed to prepare graduates who would meet the statutory requirements for eligibility to sit for the Illinois Professional Land Surveyor in Training examination, and later to become Professional Land Surveyors. This program of study consists of 24 hours of land surveying courses, including a core of 18 hours and 6 hours of electives. Completion of the Bachelor of Science in Construction Management with a Land Surveying Specialization requires 139 credit hours, as opposed to 120 hours for the stand alone Bachelor of Science in Construction Management.
