

Lewis and Clark Community College
Associate of Science
Environmental Sciences

Completion of an Associate in Arts or Science degree at Lewis and Clark Community College fulfills SIUE’s general education requirements with the exception of an Interdisciplinary Studies course that all students must take during their junior or senior year at SIUE.

This “Transfer Program Guide” is an *example* of proposed curriculum for students to use while completing their associate’s degree. Reading, writing, and math placement could alter the course sequencing and transfer date. Therefore, students should begin sequencing their reading/writing (if applicable) and math & science courses during the first semester, paying particular attention to prerequisites. Students have the option of taking summer classes to lessen fall and spring course loads.

It is highly recommended that students meet with a Lewis and Clark advisor; for additional information please contact the SIUE coordinator for advising and partnership programs in Haskell Hall Rm. B07. Please see “Important Student Notes” located on page two of this transfer guide.

Fall Year 1

LCCC Course	Hours
ENGL 131 First Year English I	3
BIOL 131 Biology: A Contemporary approach	4
IAI HUMN IAI Humanities	3
CHEM 141 General Chemistry I	5
CHEM 121 General Chemistry I Recitation	1
Total	16

Spring Year 1

LCCC Course	Hours
ENGL 132 First Year English II	3
MATH 235 Statistics	4
CHEM 142 General Chemistry II	5
CHEM 122 General Chemistry II Recitation	1
BIOL 134 General Botany	4
Total	17

Fall Year 2

LCCC Course	Hours
MATH 171 Calculus and Analytic Geometry I	5
IAI SOC BEH IAI Social Behavioral Science	3
BIOL 135 General Zoology	4
PHYS 131 Introduction to Physics I	4
Total	16

Spring Year 2

LCCC Course	Hours
ECON 151 Macro Economics	3
IAI FA IAI Fine Arts	3
IAI LS BIOL W/O Lab	3
SPCH 131 Public Speaking	3
Total	12
Associate Total	61

There are three areas of specialization offered for students who major in Environmental Science at SIUE. Environmental Health, Environmental Management, and Environmental Toxicology.

Students must complete 50% or more of SIUE degree requirements at SIUE.(120 +hours required for graduation).

Lewis and Clark Community College
Associate of Science
Environmental Sciences

IMPORTANT STUDENT NOTES:

The preceding information is provided to assist students in the transfer process. In no way does this document substitute for meeting with an academic advisor. Students are advised to meet on a regular basis with advisors at Lewis and Clark and SIUE. Courses taken through dual credit can be applied to required SIUE coursework, please contact Lewis and Clark advisor for more information. Please consult Lewis and Clark College catalog for additional graduation requirements.

Degrees offered for Environmental Sciences

Bachelor of ARTS in Environmental Sciences

Bachelor of Science in Environmental Sciences

Students who pursue the Bachelor of ARTS degree in Environmental Sciences will be required to take two semesters of the same foreign language.

Admission

Admission into the Environmental Sciences undergraduate program requires an application to declare a major. At the time of declaration students must select one of the three specializations and select a potential minor. Students may apply after they have completed their freshman year (or >29 units). To be accepted into the program students must have a cumulative GPA of 2.0 or greater, or approval of the program's Admissions Committee.

Declaring major

To declare for the undergraduate major in environmental sciences, students need to contact the Environmental Sciences Department. If students need help or have questions an initial advising appointment can be made with the Chair to assist students with their paperwork.
