\*Students must complete 50% or more of SIUE degree requirements at SIUE (120 hours required for graduation).

<sup>1</sup>Students may also take HES 152 or HES 130 and 131.

<sup>2</sup>Students may substitute with COMM 151.

<sup>3</sup>Students can substitute MATH 171 for 210.

<sup>4</sup>Students should follow Industrial Engineering specialty curriculum at SWIC.

Hum/SS are within the AES at SWIC but not the BS at SIUE.

**Southwestern Illinois College**  
**Pathway - Industrial Engineering**

NOTE: Students must apply for admission to upper-division classes before starting the junior year at SIUE. The form for 'APPLICATION FOR ADMISSION TO UPPER-DIVISION' must be submitted by the deadline to the academic advisor in the School of Engineering at SIUE.

Students must earn 60 hours from a senior institution for graduation requirements. If students take all SIUE junior and senior level courses, stated above, at SIUE, they will meet this requirement.

Please note: deviating from the planned schedule above may jeopardize this requirement.

**School of Engineering Transfer Credit Advisory Note:** *The University may accept transfer "D" grades; however, in the School of Engineering, a grade of C or better is required in all chemistry, computer science, mathematics, physics, and engineering courses applied to major or minor requirements. A course that transfers in as 1xx, 2xx, 3xx or TRF 1xx; TRF 2xx; TRF 3xx may require a course description and/or syllabus for further evaluation.*
