The regular meeting of the Faculty Senate Executive Committee was called to order at 2:30pm on Thursday, April 8, 2021 in Zoom by President Laurie Rice.

Guests: Denise Cobb, Ann Popkess (UPBC)

Public Comment:
There was no public comment.

Guest:
Rice welcomed the Provost and recognized her efforts to fix a bad situation for faculty. There was recognition that the issues with Textbook Services are important and will require work to create a sustainable, academically-focused solution going forward. May 1 is now the deadline for course material requests, including digital inclusive access. Faculty can choose to keep what they have established for a year while options are considered, or they can choose to transition materials away from digital inclusive access now.

The Provost’s Office is working with Library and Information Services and Information Technology Services to help create an Educational Resources pilot program. It was attempted before but did not have momentum. Developing institutional resources could help offset the cost of textbook rental and could be an internal grant funding opportunity for a long-term, comprehensive approach to solving the issue.

Cobb and Rice met with Textbook Services and others to review the budget, but it is not sustainable. Textbook rental is part of a retention benefit for students, and it is something that legislators are looking at to make available to all students. There is a need to reimagine how it is looked at. Making people aware of the costs per student could help manage the problem and help faculty make decisions and find creative solutions. Faculty Senate has not been aware of the complexity of the Textbook Services problem, and it was acknowledged that the current textbook rental model is not the reality anymore.

The Provost recommended an ad hoc committee to take on the issue, gather the data, consider the budget and projections, then make decisions together. It was recognized that pushing the cost to students cannot be the solution. This is a priority issue and needs to be worked on quickly.
There has been discussion about whether Textbook Services needs to move under Academic Affairs. Cobb inherited a system where it was housed elsewhere, and it is difficult to be involved when it is not under her purview. Regardless of where it reports, there is work that needs to be done collectively.

More revisions will be coming to the Textbook Advisory Committee soon, and there is a need to look at how that committee is put together and where it reports. There was acknowledgement that there needs to be a link to the Faculty Senate and that textbook materials are critical to instruction and learning outcomes. Many faculty are uninformed of how the process works. Students generally like textbook rental for materials, however there have been complaints that some of the materials are never used. The Provost noted that faculty should not feel they need to be anchored to a traditional textbook if they have other resources they would prefer to use.

Kerber noted that the textbook rental model was adopted when SIUE was established in 1957 because Carbondale used that model at the time. There has not been an intentional and informed discussion about the relationship between SIU and the publishing industry. There was a discussion of increasing student fees, however it was acknowledged that the university could not increase the textbook fee enough to makeup for the budget shortfalls. There are some areas where physical books are still needed, but unbundling services in places where all materials are not needed is not a possibility.

The Provost would like to work with the Faculty Senate on a joint charge for an ad hoc committee. She recognized that not everyone wants to work over the summer even if they are being compensated for it, however she expressed that a small group could work to get a plan in place. She acknowledged the assistance of Educational Outreach and thanked them for their assistance in providing a short-term solution.

**Consideration of Minutes:**
The minutes for the March 25, 2021 meeting were approved as written.

**Action Items:**
There were no action items.

**New Business:**
The revised Faculty Grievance Policy was reviewed in its final form, which has been approved by the Welfare and Governance Council. There were no objections to bringing it to the May Faculty Senate meeting for consideration.

There is an upcoming vacancy on the Parking and Traffic Committee, and the Executive Committee was asked to forward potential names to Rice.

**Unfinished Business:**
Council Chairs were reminded to discuss reorganization proposals at their next meeting. Temko shared information for each Council to consider. Information and feedback has been solicited from colleagues at Southern Illinois University Carbondale (SIUC), clinical faculty, and aaup.org about the inclusion of non-tenure track faculty in governance. Proposed changes to the Faculty Senate Executive Committee
(FSEC) were reviewed which sets up FSEC as a steering committee in line with current practice, adds liaison with internal bodies such as Student and Staff Senates, and adds responsibility for reviewing and updating the evaluation instrument used for the Faculty Senate review of the Chancellor. The creation of a University Budget, Finance, and Operations Council was also discussed including its relationship with the University Planning and Budget Council (UPBC). The Illinois Board of Higher Education representative would be included in the Faculty Senate in proposed revisions. The proposal to change from Roberts Rules of Order to the Modified Feminist Process was reviewed, and an example document was provided. Other potential changes reviewed included electing officers electronically, language for amending the Bylaws to include that it is approved by the Chancellor, allowing the inclusion of non-Senators as voting members on Councils where appropriate, allowing Councils to establish subcommittees, revisions to who qualifies to run for Faculty Senate President, and recognizing responsibility for inclusion, equity, and access.

Reports:
The UPBC report was posted and is attached. Information is needed from the Rules and Procedures Council for the Provost evaluation, and preliminary information will be shared with the Committee for Higher Performance Appraisal (CHAPA).

The Faculty Development Council is soliciting appointments from Deans to reform the Teaching Excellence Award Committee (TEAC). The Council will identify a Chair for the next academic year at their next meeting.

The Welfare and Governance Council is waiting on feedback from Tom Jordan about a proposed dual career policy.

Dr. Gireesh Gupchup, SIU System Vice President for Academic Innovation, Planning, and Partnerships will be meeting with the Graduate Council at their next meeting.

The Past President reminded that Faculty and Staff Appreciation week is April 12-16.

The President shared a report that is attached. Social distancing guidelines have been amended to requiring 3-feet of separation. The System Faculty Advisory Committee met about a potential wellness event, however it was not feasible to hold an event this academic year.

There were no other reports.

Additional Comments:
Popkess shared that Tonya Genovese was appointed to the SIU Board of Trustees to replace Amy Scholar. Temko noted that there is a state requirement that committees and boards should be gender balanced, however Genovese is the only woman on the SIU Board of Trustees.

There was a discussion about vaccinations for students, however the University has not been able to get a supply from Madison County.
Hecht noted that Mizzou has announced a return to normal for fall. SIUE is still planning on keeping room capacities as they currently are excepting areas where it makes sense to change them.

Temko requested feedback on reorganization from the Councils after their meetings.

**Adjournment:**
The meeting adjourned at 4:25 pm.

C. Nomination and Election of Members and Alternates of the FGC

1. Each academic unit will hold elections for the representative Member and Alternate from its unit.
   a) Each academic unit is responsible for completely filling its representation.
   b) The Chair of the Rules and Procedures Council of the Faculty Senate will notify each academic unit of the need to hold an election, the procedures to be followed, and the number of vacancies (Members and Alternates) each unit is responsible for filling.

2. Removal of Faculty Grievance Committee members
   a) A member of the FGC may be removed by a majority vote of the FGC for cause. Majority is defined as five votes or greater.
   b) Circumstances that meet the definition of “for cause” include but are not limited to:
      i. when a member is unable or refuses to abide by the required rules and ethical obligations consistent with the Faculty Code of Ethics and Conduct necessary to implement the SIUE Faculty Grievance Procedure, or

   a) whether a complaint falls within the definition of a grievance,
   b) whether the complaint is a grievable matter,
   c) whether a grievable dispute exists,
   d) whether a Board of Trustees or University policy cited within the Statement of Grievance is applicable to the issue(s) presented in the grievance,

Approved by the Faculty Senate Executive Committee:

I. Preamble

This Faculty Grievance Policy, as authorized by the Board of Trustees of Southern Illinois University, provides a means for faculty to resolve disputes between members of the Southern Illinois University Edwardsville community quickly and fairly. Its existence gives assurance that the University will act responsibly toward each member of the faculty. Although the Faculty Grievance Policy’s immediate end is the service of justice, it is also conducive to higher institutional morale. Good faith participation is necessary for this Faculty Grievance Policy to serve its important purpose. Therefore, any retaliatory act taken against a participant to a grievance proceedings is prohibited and should be reported immediately to the Provost and Vice Chancellor for Academic Affairs.

Faculty grievances falling within the subject matter of this Faculty Grievance Policy shall not be suspended, including if a complaint concerning the grievance is filed external to the University. All faculty should attempt to resolve complaints informally whenever possible, making use of the formal grievance procedure of their department or faculty unit, if one has been previously enacted, the Faculty Ombuds Service, and/or informal resolution, including mediation, if available. Informal resolution and dismissal of a grievance by the involved parties may occur at any time during the grievance process, including during a formal hearing, if the parties mutually agree to such resolution and dismissal.

If informal dispute resolution is unsuccessful, a formal written grievance may be filed through the Office of the Provost and Vice Chancellor for Academic Affairs or the Provost’s designated representative. The Office of the Provost shall supply all necessary and reasonable support for a grievance proceeding exclusive of attorney’s fees and expenses of the grievant.

Substantial, good faith compliance with this Faculty Grievance Policy constitutes full compliance. While the time provisions of this Faculty Grievance Policy shall be observed in a fair and equitable manner, such limits may be waived upon agreement in writing of all parties to a grievance or under extenuating circumstances as determined by the Provost.

The Faculty Grievance Policy shall be available to any current faculty member or former faculty member to resolve disputes involving an alleged violation of the policies of the Board of Trustees of Southern Illinois University Edwardsville, which are not covered by an applicable collective bargaining agreement.

The subject matter of complaints from former faculty members shall be limited to matters pertaining to their separation from employment. Complaints must be received in the Office of the Provost within ninety calendar days of the act or omission giving rise to the complaint, or the date on which the employee or former employee knew, or reasonably should have known, of the act or omission, whichever is later.

The grievant may terminate the postponement period at any point by notifying the Provost or the Provost's designated representative in writing. In the case of a hearing which would ordinarily commence during the summer term, the grievant, respondent, or the chair of the FGC, or designated representative, may postpone the grievance until the beginning of the following fall term.

The FGC meeting shall be closed to discuss the merits of the Statement of Grievance.

The participating FGC members shall determine by majority vote whether the matter is grievable. Any vote that is deemed a tie shall fall in favor of the grievant.

In cases of multiple respondents, the respondents will be heard by one Hearing Panel. However, a respondent may petition the FGC for a separate hearing if they can show good cause.

The FGC chair shall notify the person filing the Statement of Grievance, the Provost, and the Chair of the Faculty Welfare and Governance Council within two working days of the FGC's determination.

If the matter is deemed not grievable by the FGC and the grievant wishes to appeal, a written appeal of such determination must be filed with the Provost within five working days. The Provost shall render a final written institutional decision within five working days and concurrently notify the person filing the Statement of Grievance, the FGC chair, and the Welfare and Governance Council chair of such decision.

If the matter is deemed grievable by the FGC, or by the Provost subsequent to an appeal, the FGC chair shall notify the respondent in writing within two working days that a Statement of Grievance has been filed and provide the respondent a copy of the Statement of Grievance and a copy of this Faculty Grievance Policy.

The respondent shall have ten working days after receipt of the Statement of Grievance to submit a formal written reply to the FGC chair. The FGC chair shall provide a copy of the respondent's formal reply to the grievant, the Provost, and the Welfare Council chair.

The FGC chair shall commence forming a Hearing Panel, in accordance with Article VI, within five working days of notification of the respondent.

Faculty Grievance Committee

A. Purpose, Jurisdiction, and Scope

The Faculty Grievance Committee (FGC) is an elected standing committee responsible for administration of the Faculty Grievance Policy, including receiving and reviewing all complaints received by the Provost and serving as members of a Hearing Panel, if selected. One role of the FGC is to determine whether a complaint falls within the definition of a grievance, whether the complaint is a grievable matter, whether a grievable dispute exists, whether a Board of Trustee or University policy cited within the Statement of Grievance is applicable to the issue(s) presented in the grievance, whether other avenues of resolution are appropriate, whether the complaint has met the time requirements, whether sufficient evidence exists to move forward to a formal hearing, whether the proper respondant(s) has/have been named, and whether any other circumstance exists to warrant a conclusion that the complaint is not subject to this Faculty Grievance Policy.

B. Membership and Composition

The FGC shall comprise 8 members, with one member elected by the faculty from each of the Southern Illinois University Edwardsville academic units (Schools/College) pursuant to the Faculty Grievance Committee Operating Papers, except as provided below.
A. If the Chair has appointed alternates as members, or has appointed temporary members, then the Chair’s decision to make these appointments must occur in a manner that follows the Faculty Grievance Committee Operating Papers.

2. The members shall serve for a term of two years. No member may serve more than two successive terms.

3. The FGC shall select a Chair-Elect from its membership at the first meeting of each year. Notification of the election of the Chair and Chair-Elect of the FGC shall be provided to the Faculty Welfare and Governance Council and the Provost.

4. A member of the FGC shall be excused from all FGC activities and responsibilities during the duration of any grievance filed by or against such member.

5. The FGC shall receive training and advice from the Office of General Counsel.

vi. Hearing Panel

A. The Hearing Panel shall consist of three members, one selected from the membership of the FGC, and who will chair the panel, and two selected from the Faculty Panel.

b. Faculty employed in the same unit as a party to a grievance shall be deemed to have a potential conflict of interest in that particular grievance and shall not serve on a Hearing Panel for that grievance.

c. Faculty participants in a prior grievance in any capacity (grievant, respondent, advocate, witness, etc.) involving a party to a current grievance shall be deemed to have a potential conflict of interest and shall not serve on a Hearing Panel for the current grievance.

d. Faculty with a professional or personal relationship with a party to a grievance that creates an appearance of a conflict of interest shall not serve on a Hearing Panel for that grievance. It shall be the obligation of the faculty member to immediately disclose such a potential conflict of interest.

e. Faculty selected for a hearing panel must serve unless they can show good cause as to why they should be excused from such service. Faculty must petition the FGC in writing within two working days of notification of selection to be excused for good cause from participation in a particular grievance. Workload issues are typically not grounds for being excused from service on a hearing panel. The FGC shall issue a final decision to such petition within five working days.

f. The chairperson of the FGC shall be responsible for the selection of members to a Hearing Panel.

1. Select five persons by lot from the Faculty Panel and choose two persons by lot from the FGC including any alternate or temporary members. Selection by lot means taking the first five eligible persons from the randomized list that are not in the unit of the grievant.

2. Advise the selected persons from the Faculty Panel and the FGC of the rules for potential conflicts of interest and disqualify those persons, if any, with such conflicts. Additional names shall be drawn, as necessary, from the respective pools. Steps (1) and (2) should be completed within ten working days.

3. Send the list names from the Faculty Panel and the list of names from FGC (including any alternate or temporary members), to the grievant and respondent who shall, within two working days, notify the Chairperson of any persons they would like to exclude from consideration for the panel.

4. The Chairperson will randomly select the final panel members from the remaining lists.

5. If either party fails to meet the deadlines for selecting the Hearing Panel, or making a response as prescribed herein, the FGC chair shall make the selections for the defaulting party and the grievance procedure shall proceed regardless of the failure.
6. Notify the persons selected from the Faculty Panel list and the person selected from the FGC list (including any alternate or temporary members) of their appointment to the Hearing Panel. The person selected from the FGC shall serve as chair of the Hearing Panel. Provide each member with a copy of the statement of grievance and the formal reply by the respondent to the statement of grievance. Concurrently, notify the grievant and the respondent of the composition of the Hearing Panel and the designation of its chair.

VI. Formal Hearing Procedure

A. The chair of the Hearing Panel shall be responsible for conducting the Hearing in conformance with this Faculty Grievance Policy. The chair shall have the authority to allocate hearing responsibilities to the members of the Hearing Panel, decide questions of relevance of evidence, and to seek counsel from the chair of the FGC, the Office of General Counsel, and the Office of Provost on any matter pertaining to the grievance.

B. The Panel chair shall within ten working days of the notifications of the grievant and the respondent specified above in section VI.(F)(6) convene an organizational meeting of the Hearing Panel to receive procedural training by the Chair of the FGC. A member of the Office of General Counsel may also train and advise the Hearing Panel.

C. The Hearing Panel shall also schedule the date of the Hearing. The Hearing must be held within 30 calendar days subsequent to the organizational meeting and, if feasible, shall be at a time when participants are free of classroom and other University assignments. When such scheduling proves impossible, departments/units shall make every reasonable effort to assume the responsibilities of the participants at such times as their presence may be required at hearings. It is the responsibility of the grievant and respondent to cooperate with the Hearing Panel to schedule and attend the hearing. Notwithstanding the above, the Hearing Panel, in its sole discretion, shall have authority to establish the Hearing date. The Panel chair shall notify the parties of the hearing date as soon as that date is determined.

D. The parties shall deliver to the Panel chair a complete witness list and all exhibits pertaining to the case no less than ten working days prior to the scheduled hearing. Each party must provide materials for distribution to each member of the Panel and to the other party. Exhibits not received and witnesses not identified ten working days prior to the hearing will not be allowed at the hearing.

E. At the discretion of the Hearing Panel, and based on the circumstances of a particular grievance, a pre-hearing meeting may be held with the parties, including advocates, to discuss scheduling, proposed time allotments for the hearing, procedural matters, evidentiary matters, issues, confidentiality or any other topics relevant to the hearing.

F. The Hearing Panel chair shall convene and preside over the Hearing. The chair shall preliminarily explain the proceedings to the parties and resolve procedural issues, if any. The parties shall be advised of their responsibilities regarding attendance, testimony, honesty, rights, confidentiality, and the maintenance of order and decorum. The grievant and the respondent(s) must be invited to all testimonial hearings. If a party is absent or refuses to participate or cooperate, the hearing shall proceed regardless.

G. The Hearing procedural rules to be observed are as follows:

1. The Hearing shall be closed except for the parties, advocates, legal counsel, witnesses while giving testimony, and the Hearing Panel.

2. Everyone in attendance shall exhibit civil and professional behavior throughout the hearing. It is the duty of the Hearing Panel to ensure that each party receives the same opportunity to be heard in a civil environment. Therefore, it is at the Hearing Panel's discretion to remove from the hearing any individual who is disruptive.

3. All witnesses including the parties shall be under oath when testifying.

4. The burden of proof remains on the grievant at all times.

5. A member of the Hearing Panel shall be responsible for audio recording the entire hearing.
6. Strict or formal rules of evidence need not be followed. Evidence deemed by the Hearing Panel to be irrelevant or immaterial may be disallowed. A party may challenge the admission of evidence if the party believes there is a good reason the evidence should not be admitted. The Hearing Panel should generally defer to the parties in allowing reasonable testimony and evidence to be presented at the hearing. However, the Hearing Panel shall make the final decision in all cases regarding the relevance and admissibility of evidence.

7. Advocates must be allowed to participate directly in the Hearing including conferring with the relevant party, making opening and closing statements, and questioning witnesses. Legal counsel may not act as an advocate, as that term is used herein, and may not directly address witnesses or the Panel. A client's attorney, however, may confer with his or her client during the course of the hearing so long as the Hearing Panel does not determine that this practice obstructs the proceedings.

8. The Hearing Panel shall retain its right to deliberate with neither party present.

9. Faculty members are expected to meet their obligations to participate willingly, professionally, and throughout the duration of the faculty grievance process as such obligations arise. If a faculty member wishes to request to be excused from the obligation to serve, for example as a member of the Hearing Panel, that person may submit a written statement of unwillingness to participate to the Provost and Vice Chancellor for Academic Affairs and to the Chair of the FGC. If excused, the faculty member may not choose to re-enter that specific grievance process at a subsequent stage (see section V.(i)(e) for the portion of this section that pertains to service on a Hearing Panel).

10. The burden shall be on the grievant and respondent to inform the Hearing Panel as to the existence and probable location of information bearing upon the grievance. A party's refusal to cooperate to provide evidence, or unduly delay providing evidence which the Hearing Panel, grievant or the respondent requests, may be grounds for finding against the uncooperative or dilatory party, if the Panel so decides.

11. The parties shall be permitted to present any and all evidence which the Hearing Panel deems to be relevant to the grievance.

12. Each party shall be solely responsible for locating, assembling, and delivering all documents and exhibits to support its case to the Panel chair as detailed above. Documentary evidence to be used by a party must have been in existence at the time of the events in dispute.

13. Either party shall have the right of access to all evidence presented.

14. The Hearing Panel shall make its findings of facts and conclusions based solely on the evidence presented and shall determine recommendations supported by a preponderance of the evidence.

15. The Hearing Panel shall report all problems obstructive to the fair and expeditious review of the grievance to the Provost, with a request for such intervention as may lie within the authority of the Provost.

16. Any situation, question, rule, point, issue, or matter not directly provided for in this policy but which arises under this policy will be resolved by the Hearing Panel in consultation with the FGC whenever possible. The FGC may consult with the University's Office of the General Counsel and/or the Office of the Provost.

17. The Grievance Process should be completed as rapidly as possible while ensuring a fair and equitable hearing of the evidence.

18. Ex parte communications by the grievant and respondent with members of the Hearing Panel shall be strictly prohibited. Requests by the grievant or respondent to communicate with members of the Hearing Panel outside the formal Hearing shall be directed through the chair of the FGC.

19. The Hearing shall be conducted as follows:
1. An opening statement of a general overview of the case by the grievant or their advocate followed by an opening statement by the respondent or their advocate. Opening statements shall be limited to thirty minutes for each party. During the opening statements, only the hearing panel may ask questions or interrupt the speaker. After the completion of both opening statements, each party will be given an opportunity to present their case.

2. The grievant or their advocate presents his/her case to the Hearing Panel by calling and soliciting testimony from his/her witnesses and presenting the documentary evidence submitted earlier. The Hearing Panel may question the grievant’s witnesses at any time during the proceedings.

3. The respondent or their advocate presents his/her case to the Hearing Panel by calling and soliciting testimony from his/her witnesses. The Hearing Panel may question the respondent’s witnesses at any time during the proceeding.

4. After the grievant and respondent have presented their witnesses and evidence, the Panel chair shall ask all parties to present any further information pertaining to the case, if any. The evidentiary phase of the hearing shall be deemed complete by the Panel chair after the taking of all evidence.

5. A closing statement shall be made by the grievant summarizing the evidence, followed by a closing statement by the respondent. Closing statements shall be limited to thirty minutes for each party.

6. The Hearing Panel shall deem the hearing complete and shall retire to deliberate and prepare a Hearing Panel Report for submission to the Provost.

VIII. Hearing Panel Report

4. The Hearing Panel Report, all exhibits presented at the Hearing, and the audio recording of the Hearing shall be submitted by the Hearing Panel to the Provost within fifteen working days after completion of the hearing. If the Hearing Panel is divided, majority and minority reports may be submitted. Copies of the Hearing Panel Report, without exhibits and audio recordings, shall simultaneously be sent by the Hearing Panel to the grievant, respondent(s), Welfare and Governance Council Chairperson, chair of the FGC, and the head of the faculty unit in which the grievant holds rank. The Hearing Panel may extend the time for making its Report for good cause after consultation with the chair of the FGC and Provost. A final decision on the extension of time shall rest with the Hearing Panel. The grievant and respondent shall be provided notice of any extension.

5. The Hearing Panel Report shall include the following:

1. A summary of the charges and evidence.

2. A clear statement of the finding of the facts.

3. The conclusions and recommendations of the Hearing Panel.

4. The rationale for such recommendations.

5. Other pertinent comments.

IX. Decision and Appeal

4. Within fifteen working days after receipt of the Hearing Panel report, all exhibits, and the audio recording of the hearing, the Provost shall, after consultation with the Chancellor, inform the FGC chair, members of the Hearing Panel, Welfare and Governance Council chair, grievant, and respondent(s) in writing as to the Provost’s decision in the case. The Provost can extend the fifteen-day period for a reasonable period of time, but such extension shall not exceed an additional thirty calendar days.

5. The Provost has the authority to accept or not to accept the Hearing Panel report. If the Provost rejects a Hearing Panel's report, including its recommendations, the Provost shall provide, in writing, a detailed rationale to
grievant, respondent, and members of the Hearing Panel.

c. The Provost’s decision on the Hearing Panel Report and the grievance shall constitute the final institutional decision.

d. In accordance with Bylaw VI.(2) of the Board of Trustees of Southern Illinois University, the grievant may appeal the institutional decision to the Board of Trustees. However, it should be noted that faculty upon faculty grievances may not be subject to appeal to the Board of Trustees.

x. Disposition of Records

a. Once a written recommendation is submitted by the Hearing Panel, the Office of the Provost shall be responsible for the custody, security, and confidentiality of all records, including the audio recording of the hearing, pertaining to grievances under this policy. The grievant and respondent(s) may have access to hearing records in the presence of a representative of the Provost’s Office. Upon a final decision by the Provost, access to the record of the case must be approved by and arranged through the Office of the Provost.

b. Once the official Hearing Panel Report for a grievance, plus all exhibits and the audio recording of the hearing, have been submitted to the Office of the Provost, all members of the FGC and the Hearing Panel will immediately return all other working copies of documentation from the grievance activity in their possession to the Chair of the FGC. The Chair of the FGC will forward all such documents to the Office of the Provost, for placement with the other grievance materials.

xi. Report of Grievances

By no later than September 15 of each academic year, the chair of the FGC shall prepare and submit a report for the Faculty Senate Executive Committee outlining all outstanding grievances with the date the grievance was filed and the current status, but omitting the names of the grievant and respondent for the purpose of confidentiality. With respect to grievances concluded during the past fiscal year, the FGC chair shall prepare a report to the Faculty Senate Executive Committee outlining the date the grievance was filed, the date the hearing was held, the Hearing Panel Report and the decision of the Provost, but omitting the names of the grievant and respondent for the purpose of confidentiality.

xii. Confidentiality

Confidentiality of all matters pertaining to a grievance under this Faculty Grievance Policy is imperative in order to preserve and protect the privacy interests of the parties. Except as authorized by law or by operation of this Policy, or as granted by the consent of both parties to a grievance, disclosure to third parties of the content or subject matter of a grievance proceeding is not authorized. This restriction applies to the grievant, respondent, advocates, legal counsel for the parties, Hearing Panel, FGC, and Faculty Welfare Council. A breach of confidentiality of a grievance proceeding by a party to a grievance may result in a finding against the breaching party, as determined solely by the Hearing Panel. A breach of confidentiality of a grievance proceeding by a member of a Hearing Panel, FGC, or Faculty Welfare Council may be grounds for removal from the relevant Panel, FGC, and/or Council, or other consequences, as determined by the membership.
AAUP’s The Inclusion in Governance of Faculty Members Holding Contingent Appointments
January 2013

Excerpts

There should be no need to reserve special seats in governance bodies for contingent faculty. Reserving seats might be an appropriate transitional mechanism designed to ensure that contingent faculty have at least some representation in governance, but it will be unnecessary when they are included as full participants. However, we recognize that most institutions and departments have not yet begun to achieve full parity; thus, for some institutions, reserving a certain number of seats for faculty on contingent appointments may be a necessary step forward.

The subcommittee received 125 responses from senate leaders, most (88.7 percent) of whom were at either doctoral or comprehensive institutions; in many cases, the responses were only partial, with respondents skipping some questions. While the survey’s informal nature, its concentration on certain types of institutions, and many incomplete responses mean that its findings cannot be reliably generalized, the responses received were illuminating. Indeed, one of the most frustrating aspects of the survey, the high number of “not sure” responses from senate leaders to questions about policies at their own institutions, suggests that better training of faculty leaders is sorely needed.

The survey responses indicated, not surprisingly, that faculty in part-time, postdoctoral, or graduate student-employee positions are less often included in governance than their full-time non-tenure-track colleagues. Three-quarters of respondents indicated that at their institution, full-time non-tenure-track faculty are eligible to serve in governance roles. Only about a quarter indicated that part-time faculty are eligible, and the percentages reporting eligibility for graduate student employees (5.8 percent) and postdoctoral fellows (2.9 percent) were extremely low. The majority (63.7 percent) indicated that their institution does not have seats in governance bodies reserved for contingent faculty members.

RECOMMENDATION 3: While reserving a specified number of seats for contingent faculty may be adopted as a transitional mechanism to ensure at least some contingent faculty representation in institutional governance bodies, ideally there should be no minimum or maximum number of seats reserved in institutional governance bodies where representation of contingent faculty is appropriate, as described elsewhere in this report.
Clinical Faculty Numbers

- There are 41 clinical assistant/associate/full professors at SIUE. There are 496 non-clinical assistant/associate/full professors at SIUE. The discussion currently is about 4 research professors and 142 non-tenure track full-time instructors. Right now Faculty Senate's 39 elected seats include 5 clinical and 34 non-clinical faculty members, and then Graduate Council (12 more senate seats) has zero clinical faculty members.

- SODM has 22 clinical faculty and 26 non-clinical faculty. SODM also has 1 non-tenure track full-time instructor. Currently SODM has 4 senators, 2 who are clinical faculty and 2 who are not, and one senator by way of Graduate Council, who is not clinical.

- SOP has 17 clinical faculty and 22 non-clinical faculty. SOP also has 1 non-tenure track full-time instructor. Currently SOP has 3 senators - 2 who are clinical and 1 who is not clinical, and one senator by way of Graduate Council, who is not clinical.

- SON has 2 clinical faculty and 20 non-clinical faculty. SON also has 30 non-tenure track full-time instructors. Currently SON has 2 senators - one who is clinical and one who is not clinical, as well as one senator by way of Graduate Council, who is not clinical, and one senator by way of UPBC who is not clinical.
Co-Chair for SIUC Governance Committee

Hi Ezra,

Greetings!
Sorry to respond this late to your notes.

I don’t experience the concern that your colleagues raised.
[A concern has been raised about whether this creates an inappropriate separation and
silo between NTT and TT faculty, since our TT faculty and clinical faculty are all
apportioned into voting units by their school/college..... your experience with
NTT faculty being a separate voting unit rather than together with everyone else.] 

Once elected, we don’t differentiate senators between NTT and TT.
We serve the same committees.

I think that it is beneficial to have an independent unit for NTT.
Their collective voice can be heard...

Best wishes,

SIUC NTT Senator

Good morning Ezra,

This is my first year serving on the faculty senate. My understanding is that since NTTs were unable to serve in their given units (it is only tenured track) this was a way to represent the NTT voice. Furthermore, there are NTT faculty that do not have any representation from their units, so this is a way to give them representation as well. I have not experienced any division amongst the senate and am currently serving on two committees within the senate. If SIUE is similar to SIUC, where the NTT faculty make up a large portion of the faculty body, then I would highly recommend giving them a voice on your senate through representation.

Thank you,
Amy

Clinical Faculty Senator

Ezra,

Here at the dental school, clinical faculty may be either clinical tenured/tenure-track faculty or clinical non-tenured faculty—the remainder of our faculty are largely tenured/tenure-track biomedical faculty teaching our dental students their basic science courses. Any of these faculty categories can run for an SIUE Faculty Senate position. Our schedule differs considerably from that of the Edwardsville faculty. Clinical faculty spend between 6-8 half-day sessions supervising pre-doc students or post-doc residents. We also have a number of our own school committees that provide service opportunities. Finding time to serve on SIUE committees can be difficult given our work schedules and duties.

So the issue regarding instructor representation is not an important matter for SIU School of Dental Medicine. We have only one instructor—should this individual want to run, though, for an instructor position on the Faculty Senate—my only concern is that he/she have a fair opportunity to be elected when several groups have large blocks of individuals in this category. I think this is an issue that could be resolved by assigning a number of positions to the larger units, and one or two to the smaller units (in By-Laws, and not the Constitution).

As for the larger issue of whether instructors should have a separate group of Senate positions—should the instructors be lumped with the tenure/tenure-track and clinical groups, I’m not certain that many of them would be elected—perhaps a few, but I doubt that 10 would be chosen. What does seem to be important is that this designated group has little opportunity for voicing their concerns and the problems unique to their instructor designation. From my perspective, I think it preferable that the instructors be allotted 10 positions in the Faculty Senate.

Sample Modified Feminist Process: Quick Guide

- Meetings start with Check-ins, where who is in the room is acknowledged/introduced, along with their role.
  Guests introduce themselves and share their purpose for attending the meeting.

- Guests
  o Welcome! If you are bringing an item to this body, you will be placed under Outside Business. This is always at the beginning of the meeting, right after Check-ins.
  o After you have discussed your item, you are welcome to leave or to stay for part of or the rest of our meeting. Our meetings are open to the public.
  o You may fully participate in discussions, but you may not make proposals, make process suggestions, give general feelings, or vote.

- Discussion Protocol:
  1. **Introduction** of a proposal or topic
  2. **Clarifying questions**: objective, factual questions that aim to clarify the proposal. This is not time to voice opinions on the proposal.
  3. **Discussion**: Moves through a “stack,” the list of the persons wishing to speak. The facilitator takes stack; stack is not first-come first-serve; the facilitator is encouraged to use stack to adjust power dynamics and strive towards consensus (e.g., someone who has not yet contributed to the conversation may “jump” stack, meaning they move to the front of the list to speak).
  4. **General feelings** are taken on voting.
  5. **Voting**: a majority must vote in favor of a proposal for a proposal to pass.

- How to:
  o **Speak**: Signal the facilitator who will place you on stack, the list of persons wishing to speak.
  o **Register your agreement with something being said**: Knock lightly on the table (or in the air if there is no table).
  o **Jump stack to ask a clarifying question**: Signal the facilitator, making a c with your hand, to ask a clarifying question to someone who has just spoken.
  o **Request the opportunity to jump stack to give a direct response**: Signal the facilitator, making a d with your hand, to ask someone who has just spoken if you have factual information to provide regarding their statement. If the person does not give you permission to provide a direct response and you would still like to make your comment, you can signal the facilitator to be added to stack.

- How to – for voting members only:
  o **Make a process suggestion or proposal**: Signal the facilitator, making a p with your hand. These always jump stack and do not require a second.
  o **Give general feelings**:
    - positive
    - negative
    - indifferent, apathetic, or mixed
  o **Vote**: Raise your hand when a vote is called (most common voting process).
Sample Modified Feminist Process: Procedural Guidelines

Section 1. General Procedures

A. All meetings of this body are open to the public. If meetings are held in a room with a closed door, a note must be placed on the door.

B. Minutes will be taken at all official meetings of the body; they will be a matter of public record and available online. Minutes will include the names of the voting members present and voting members absent, and any guests present. Minutes are subject to review and approval of the body they are for.

C. Sixty (60) percent (rounded to nearest whole number) of the filled voting positions of the body constitutes a quorum necessary for conducting regular business. If fewer than this number are present, business proceeds as usual unless a voting member calls quorum, in which case the meeting can continue with discussion but no votes may be taken.

Section 2: Agenda for Meetings

The Executive Committee is responsible for the meeting agenda. Any voting member in good standing may propose adding an item to the agenda by contacting the President. Any proposed items will be considered by the President and/or Executive Committee for inclusion on an upcoming agenda or otherwise referred to the appropriate venue for consideration.

The standard agenda items are as follows and come in this order:

A. Check Ins and Introductions of Guests: Guests are introduced as they come in or at the beginning of the meeting. Members-at-Large, voting members, and ex-officio non-voting members are introduced by academic unit and council.

B. Approval of the Minutes: changes to the last meeting’s minutes are noted; the minutes are approved by general feelings.

C. Approval of the agenda: additions may be made, approved by general feelings.

D. Outside Business: Any business that a guest proposes takes precedence over internal business.

E. Reports: Officers, council chairs, and committee appointees give updates or raise items that are relevant for the body’s consideration.

F. Internal Business: All of the body’s business falls under this category.

G. Check-outs and Evaluations: At the end of the meeting, there is an opportunity for feedback on how the meeting went and to comment on the process of the meeting. Important considerations include whether the process was followed, the effectiveness of the facilitation, whether everyone got a chance to participate, whether the discussion was
intimidating or uncomfortable, etc. Both positive and negative points should be raised and solutions offered. Use this time for constructive criticism.

Section 3. Proposals

A. Proposals may only be made by voting members in good standing, although the authors need not be voting members.

B. All proposals deemed by the author or proposer as meriting a formal vote are to be submitted in writing at least three days directly preceding the meeting at which they are to be proposed. Counter-proposals that arise in the course of a discussion are exempt from this process. If possible, members should be given the time to look over a proposal and give suggestions before meetings.

C. Written proposals should include a motion, background on the motion, pros and cons regarding the motion, and other considerations related to the proposal. Only the actual motion will be voted on.

Section 4. Procedure for Discussions
Discussion topics and proposals are handled as follows:

A. Discussion of a proposal begins with an introduction by the person making the proposal or bringing forth the discussion topic. The introduction should always specify the body’s role in the proposal (whether to vote on it, consider it, etc.)

B. The floor is then open for clarifying questions, which should be objective and factual. The time for clarifying questions is restricted to questions that are objective, factual, and aim to clarify the proposal. For instance, “when will this proposal take effect?” is acceptable, but “isn’t this proposal a bad idea?” is not. Before moving on to general discussion, all of the members should fully understand what is being discussed.

C. Only after all clarifying questions have been asked is the floor open for general discussion, which is the time for members and guests to offer their opinion, debate, and suggest any amendments.

1. The facilitator takes stack, the list of persons wishing to speak. The facilitator will call on persons to speak. If someone wishes to speak, that person must signal to the facilitator, who will write down the name of that person. The facilitator may also designate another member to take stack.

2. A speaker is permitted to request a direct response from a specific individual, so long as the direct response is factual in nature.

D. Moving towards a vote
1. Before a vote, a proposal’s sponsor is allowed a minute for **closing remarks**, and should restate the wording of the proposal, to the extent that it is unwritten or has been modified, so that all are clear about what it means to be “in favor.”

2. When discussion is finished, the body should move into a vote on any proposals or move onto its next agenda item. When one or more proposals are on the table and stack has been finished, the facilitator asks for general feelings on voting or for a different process suggestion.

   a. If general feelings are negative, the proposal may be discussed further, tabled, or sent to a subgroup for revisions.

   b. If general feelings are positive but there were thumbs pointed down, the facilitator asks if any voting member has a major objection to voting. Any voting member who objects explains why and there is a brief discussion only about the objection. If the dispute cannot be resolved through compromise, the facilitator calls for a formal vote to override the objection and normal procedures follow.

**Section 4. Process Suggestions** are ways of steering the direction of discussion and can contribute greatly to efficiency. Process suggestions can be made at any time, without waiting for stack, and require an immediate vote. To make a process suggestion, signal the facilitator by forming a P with your hand. Only voting members may make process suggestions.

Some common process suggestions are:

1. **“I move to close stack”**—if approved, anybody who wants to join stack has one final opportunity to do so and then it is closed. When stack is exhausted, discussion is over. Note: another useful process suggestion is to reopen stack.

2. **“I move to table this proposal”**—Tabling a proposal removes it from discussion during that meeting. This proposal is appropriate if a proposal is taking too much time when there are other pressing matters, or if it needs more work. Stack does not finish if a proposal is tabled.

3. **“I move to limit speaking time to X minutes”**—If this motion passes, a timekeeper clocks each speech and calls “time” when a speaker has reached the limit. This motion applies only to a specific discussion and not to the rest of the meeting. The process suggestion is useful at particularly verbose meetings or when facilitation has not been aggressive. Strict time limits, however, can hamper serious discussion of complex issues and may make people uncomfortable.

4. **“I move to limit/extend discussion time to X more minutes”**—Sets or extends a time limit to the discussion. When the time runs out, stack is considered closed.
Section 10. Voting
There are several types of votes. Each is more appropriate than others for certain situations.

A. Process Voting

1. Process votes include all process suggestions and simple organizational matters, such as closing stack, internal appointments, or setting a date for a meeting.

2. Process votes are decided by general feelings, a system set up to frequently take the pulse of the group.

3. Voting members indicate their vote with a thumbs-up, thumbs-down, or thumbs to the side (indicating indifference).

4. The facilitator decides whether the thumb array indicates general feelings of mostly positive, mostly negative, or mixed.
   a. If the response is mixed, the body should return to discussion, while positive or negative response indicates passed or rejected, respectively.
   b. If response is mostly positive with a few strong negatives, the facilitator should ask the objectors to state their objection and a brief discussion of the objection may ensue.
   c. If a dispute cannot be resolved through compromise, a formal vote should be taken.

5. Any voting member may call for a formal vote instead of general feelings at any time.

B. Formal Voting

1. Every present voting member must vote. A voting member may vote for or against a proposal, or abstain.

2. There are three kinds of formal votes, listed here in order of increasing formality. Any voting member may call for a more formal method of voting at any time.
   a. The **hand vote** is used for most formal proposals and for issues too contentious to be decided by a simple process vote.

      1) Hands are raised in favor, against, and in abstention, and the number of each is recorded by the University Governance Office Support Specialist or designee.
b. The **roll call** vote is used for any issue deemed too important for a hand vote.

1) In roll call votes, the names of all voting members are called and their names and votes recorded. The roll call tabulation explicitly notes which voting members are absent on a given vote.

c. Since roll call votes are given one at a time, there is the possibility that one member’s vote may influence another’s vote. If a voting member suspects this may be an issue, that member should call for a **ballot vote**.

1) In a ballot vote, all votes are written down on paper or electronically submitted, along with the voter’s name. The votes tabulated by the by the University Governance Office Support Specialist or designee. The names of the voting members are recorded along with their votes. Absences are also noted.

2) Because Faculty Senate is a public body, secret ballots (in which case members do not write their names on their ballots) are prohibited.

3. Approval Voting

a. When a number of proposals are on the floor, and especially, for example, when approval is being sought for a long list of items, **slate voting** may be used to hold one formal vote for the entire list, called a slate. Any voting member in good standing may unilaterally pull an item from the slate for discussion or to be voted on separately.

b. When two or more conflicting proposals are up for a vote at the same time, an **approval vote** may be held to determine which proposal will be accepted, if any. A hand vote is taken on each proposal to determine which of the competing proposals is the most popular. Members may vote for as many of the competing proposals as they wish, but they may not vote against any. The most popular proposal is then subjected to a formal vote to determine whether it passes. If the proposal does not pass, the proposal receiving the next most votes in approval voting is voted on, and so on, until a proposal passes or all have failed.

4. Online Voting may be occasionally necessary if there is a time-sensitive matter that may need a more immediate vote. This should be avoided if at all possible as proper discussion cannot be had. However, it is occasionally necessary. The Executive Committee may determine a process to use, usually allowing a certain amount of time for online discussion before voting begins. This process must comply with state law, including that the voting takes place within the context of a meeting (e.g. electronic gathering) that is in a publicly-accessible electronic format.
5. If a voting member is unable to attend for good cause, that member is expected to have their designated alternate attend the meeting to attend in their place. There is no other form of proxy or absentee voting.
   a. Members who will be absent from a meeting may send a written statement to the University Governance Office Support Specialist to be presented at said meeting.

C. Determining if a proposal passes

1. Unless otherwise specified, all formal votes are decided by majority.

2. For all votes more formal than general feelings, abstentions are considered to count toward quorum for the vote. For example:

   1) If a vote is 2 for and 3 against, with 10 abstentions, the proposal would fail due to a lack of support, not because the abstentions invalidated the vote.

   2) If a vote requires a 2/3 majority of those voting, and the vote is 9 for and 4 against, with 2 abstentions, the vote would fail. A two-thirds majority is 10 in this case, 2/3 of those present, not 9, 2/3 of those voting and not abstaining.

   3) For all votes where half of those voting are in favor, and fewer than half are opposed, the motion will carry. For example, a vote of 8-7-1 will pass.

   4) If a vote is 3 for and 2 against, with 10 abstentions, the proposal would pass. There are more votes in favor than opposed, and the abstentions count towards quorum for the vote.
Feminist Process: Philosophy, Rationale, & Considerations

Section 1. Why a feminist process?

A. A feminist process is an inclusion and consensus-oriented way of structuring debate. This system of conducting business is intended to address the disparity of power in our society and make sure that everyone is heard.

B. The aim of a feminist process is to allow for consensus-based decisions that take into account all divergent viewpoints. This is mainly accomplished by structuring debate to include more people through a voting procedure that lets an individual voice strong concerns in a prominent manner. It strives for consensus, though it does not mandate it, but by incorporating everyone’s ideas attempts to reach a compromise with which everyone can live.

C. Its development is linked to awareness that inclusive and positive processes are central to an organization’s ability to serve the interests of its constituents.

A. The Power of Letting Go- encourages change emerging out of awareness of collective integrity; leadership inspires a balance between the interests of each individual and the group; between self-knowledge and cooperation.

B. The Power of the Whole- values the flow of new ideas; images and energy from all, nurturing mutual help networks that are both intimate and expansive. The sharing of knowledge and skills is viewed as healthy and desirable.

C. The Power of Collectivity- values the personal power of each individual. A group decision where each individual has participated in reaching consensus is viewed as more viable than a decision made by any one individual and stronger than a decision made by a majority.

D. The Power of Unity- shares the responsibility for decision-making and for acting upon those decisions in a lateral network. This process values thoughtful deliberation and emphasizes the integration of variety within the group through the process of transforming conflict.

E. The Power of Sharing- encourages leadership to shift according to talent, interest, ability, or skill; emphasizes the passing along of knowledge and skills in order that all may develop individual talent.

F. The Power of Integration- views situations in context without arbitrary value-laden judgments. In the process of participating all members act with self respect and respect towards other participants.
G. The Power of Distribution - takes into account disparities in material resources that may be present among different individuals in the group or in the society as a whole. The need to equitably share these resources is respected.

H. The Power of Diversity – encourages creativity, values alternative views, and encourages flexibility. The expression of dissenting views is expected and all points of view are integrated into decisions.

I. The Power of Responsibility – focuses on demystification of the processes and insists on naming and/or being the agent. Open criticism and self-criticism is encouraged, motivated by respect and for the betterment of the individual and the group.

Section 3. What we are trying to avoid

A. Meetings where two people argue back and forth for the whole time and nothing gets done.

B. Meetings where some people are never heard because of interruptions by others.

C. Voting on measures when some feel that their concerns have not been addressed or listened to.

D. Meetings where critical decisions have been already been made behind closed doors or among a select subset of the group.

E. Meetings that leave the group exhausted, frustrated, angry and/or thinking “there has got to be a better way.”

F. Most importantly, we must avoid being crippled by tyrannies of silence or repetition. Whenever individuals stay silent when their viewpoint has not been expressed they deprive the group of the benefit of a viewpoint that otherwise will not be taken into account. On the other hand, not every individual needs to address every issue. If your viewpoint has already been expressed you need not repeat what has already been said, although it may be important to signify that you agree with what has been said, which is normally done by lightly knocking on the table.

Section 4. Facilitation

A. Feminist Process requires competent facilitation. If this is in place, then meetings can be productive and empowering. Good facilitation helps the group focus and act in a democratic way and gives everyone an equal chance to participate.

B. Good Facilitators:

1. Make sure the environment is conducive to group participation through the elimination of side conversations and other disturbances.
2. Make sure that the participants know what is being asked of them, whether it’s
general discussion or a more specific process, such as voting.

3. Carefully think about on whom to call, when, and how often. They do not let a
few people dominate the conversation, which is why stack is not first come, first
serve. People often don’t participate if they are uncomfortable with the dynamics;
the facilitator’s job is to make them feel comfortable while stressing the
importance of participation.

4. Often the facilitator does not take a strong role in voicing concerns and issues.
When the facilitator does voice the facilitator’s views, that person needs to make a
distinction before the comment between the person’s role as a facilitator and the
person’s role as a participant. Co-facilitation is also allowed, and may be
beneficial.

5. Do not let people speak out of turn, nor let them engage in back and forth
dialogue.

6. Do not let people ramble or become repetitious—a facilitator breaking in on
someone who is doing this should not be viewed by the speaker as a personal
insult, but rather as an important key to keeping the discussion moving.

7. Go into a meeting with a plan about how to organize each discussion.

8. Do not let minority or dissenting opinions be ignored. Before closing a
discussion it is vital to make sure that everyone is ready to move on.

9. Do not let people directly respond to a speaker, unless agreed to by the speaker or
requested by the facilitator.

10. Write down the major points that people are making. Periodic summary of
what has been said, what the goals of the discussion are, and how much time is
left helps keep the group on track and cuts down on repetition.

11. Bring the discussion to a concrete end, allowing the group a sense of closure
and accomplishment.

12. Though the discussion is being conducted by the facilitator, the will of the
group as a whole is the guiding force in the process. The facilitator will often ask
for general feelings, indicated by a thumbs up, down, or indifferent horizontal as a
way to gauge how best to shape the discussion or meeting. This is an important
mechanism that quickly and effectively makes sure that the overall will of the
group is being followed.

Section 5. Participation
A. The other side of the coin is good participation and “self-facilitation.” This is equally as important to a successful meeting.

B. Good participants:

1. Listen. It is not as obvious as one may think.

2. Ask questions if they have them.

3. Self-facilitate. Don’t repeat arguments that have already been stated in discussion or in the proposal itself. Part of professionalism is being polite.

4. Take notes before they speak, which helps prevent them from rambling.

5. Respect the stack.
   
   a. A direct response is used when a person not speaking has factual information to provide to the person speaking. Direct responses are only appropriate if they clarify some factual aspect of the issue, not for furthering an opinion (e.g. “I think the forum is on Thursday, but I’d like a direct response from someone who really knows”).

   b. Jumping stack (speaking out of turn) is to be abhorred.

6. Speak concisely and precisely.

7. Don’t use references only a few people will understand. If they are bringing up an obscure point, ask if anyone needs an explanation.

8. Don’t take things personally. Don’t mistake criticism of an idea for an attack on one’s character. Respect others’ opinions. Opposition is inevitable.

On policy matters without budgetary or organizational implications the Graduate Council shall report directly to the Provost and Vice Chancellor; on policy matters with budgetary or organizational implications the Graduate Council shall report to the Faculty Senate." President’s Report to Faculty Senate
April 8, 2021

Meetings Include

April 3: Meeting with Provost
Topics discussed included: textbook services, following up on the R2 committee report, CARES funding and the budget, Faculty Senate reorganization (including representation of full time NTT instructors), and fall adjustments based on anticipated changing IBHE guidelines

April 3: System Faculty Advisory Committee – Wellness initiative

We would like to have a conversation about wellness and teaching that would help faculty on all campuses and build on successful endeavors at the SIUE campus. The SOM has tried several things. Live webinars (town halls) were not so successful. They were more successful in the evenings. A newsletter was successful.

Considering the late juncture in the spring 21 semester and the greater need to identify the needs of the faculty it was decided:

a. To conduct a survey that includes the Mini-Z, demographic questions, and questions added by others on the call. Lynn Bartels would check the survey for face validity and the FACSS would be consulted.

b. The FACSS will send the survey out to all faculty in the system to get their feedback

c. Programming will be planned in fall 2021 based on the results of the survey.

Upcoming Meetings include:

April 13: Constituency Heads with Chancellor
April 23: Diversity Council
