1025 – 1055 Round Table Discussions: Focused questions about the opportunities and challenges related to designing, delivering, and supporting web-enhanced, blended, and online courses.

1100-1145 Town Hall Activity: Insights and concerns gathered during the Round Table Discussions will be brought back to this Town Hall Activity focused upon the future of web-enhanced, blended, and online courses at SIUE.

1145 —1150 Conclusion: *Next Best Steps for Online Education at SIUE*

1200 —1230 Faculty Senate Meeting

**Objectives:**

1. Discover current status of online teaching at SIUE, while illuminating the strengths and areas of concern about the future of teaching with this and other technological modalities at SIUE.

2. Recognize influence of online education in recruiting, engaging, and retaining undergraduate and graduate students while expanding educational opportunities for other life-long learners.

3. Review current research that demonstrates most effective methods for online teaching, including web-enhanced, blended, and online courses.

4. Discuss institutional support available for designing online courses, including support available during course implementation.
