Faculty Development Council
Agenda
10/20/16 @2:30 pm
Missouri Rm

1. TEAC committee would like to recommend removal the actual requirements for the dossier for Teaching Excellence out of the FDC operating papers. Rationale: The process would be referenced but not specified in FDC papers and implies that they would continue to oversee the process, via TEAC reporting. The process would remain in the TEAC operating papers and allow for some streamlining and flexibility.

2. Continuous Improvement conference: Theme? Denise Cobb and Erin Behnen from the Provost’s Office had a speaker recommendation, Tia Brown McNair from AAC&U. She speaks on high impact teaching practices, equity and retention in higher education. We need to do some research to find out if she would even be available to come to SIUE. Other speaker recommendations?

3. EUE project reports to include in the Conference?
