The regular meeting of the University Staff Senate was called to order at 9:01am on Thursday, October 7, 2021 via Zoom by President Mark Ferrell.

**Present:** Mark Ferrell, Keith Becherer, David Balai, Angie White, Denyse Anderson, Jan Caban, John Caupert, Anne Cavanaugh, Anthony Fearon, Doug James, Shane Kessinger, Nicole Robinson (proxy for Cindy Cobetto), Emily Skowron, Collin Van Meter, Anne Hunter (ex officio)

**Excused:** Darryl Cherry, Mike Hamil, Carolyn Jason

**Absent:** Jared Loyd, Dusty Rhodes

**Guests:** Kelly Jo Hendricks, Marissa Steimel, Deb Talbot, Dennis Wobbe

**GUEST:**

Dennis Wobbe, Director of Dining Services, was a guest at the meeting. He shared information about his background. Dining Services is a self-sustaining program with no student fee income and provides 24-hour service.

The major challenges due to COVID are staffing and supply chain issues. Wholesale prices are going up 10-15%, and there is an increased demand for staples like paper goods and chemicals. They would normally get 10,000 cases a week, but they are typically missing about 2,000 of them now. Labor had to be adjusted, and many positions were left unfilled. They have started filling vacancies, but many have been internal hires so it leaves other vacancies. Some positions have zero applicants in the register, and the testing process for Civil Service and increased wages in the industry are barriers.

Chick-fil-A forced a switch to a made-to-order kiosk model, which made staffing issues worse. There have been many issues with the kiosks, and only a handful of other universities currently have the system. They have been working with Information Technology Services (ITS) and hope to have it fixed soon. They are also looking at adding GrubHub as an option.

Dining Services continues to monitor traffic counts to adjust service. Sales and customer counts are up from 2020, but compared to 2019 and 2018 it is down significantly. Starbucks used to see over 1000 customers a day, but they now have about 600-700 customers a day. Spring priorities are to increase Starbucks hours and be open 7 days a week, having later hours for Center Court, and adding hours for Starbucks in the library.

They are looking at adding an online system that will allow people to do online ordering and identify products with allergens/gluten. Their supplier does not have data on many of the food products to confirm allergen-free and gluten-free products, so it requires data entry to get the information into the system. They are hoping to start with Pavos in the spring.
The floor was opened to questions. The main issue with staffing is Civil Service positions, and there are about 20-30 vacancies. They are working on some contracts and recognize the wage compression, but there are many barriers to the hiring process right now. Their retention rate is not high compared to the industry, but there have been several retirements and the rate is higher that it would normally be.
