Hi Tim,

The Goddard School in Edwardsville has a great opportunity for you and your show. As part of its health and wellness programs, the two-year old school takes time out of the busy day to "school" it's students on yoga. When the children (ages 0-6) stretch like a dog, balance like a flamingo, breathe like a bunny, or stand strong and tall like a tree, the teachers at Goddard School in Edwardsville are helping them build a foundation towards relaxation and fitness.

We thought it would be a great visual for your show if you were to don yoga attire and participate in a session or two with the children. We could have any number of children you wish to participate, young or older, and available in time for your morning show as we understand the early hours in which you operate. We are hoping to raise added awareness in the community about the school as it's a relatively new childcare alternative on the Illinois side of the river.

If you are interested, we would love the chance to plan a day this fall for you to visit. We really love your show and believe our 160 families as well as the communities of Edwardsville and Glen Carbon would appreciate your visit. If you are interested, please email me or call me at 618-656-7333. Thanks.
