

## PR Review Writing

Don't miss out on the opportunity to be in the know this November! The Speech Communication department is almost ready to put out its first department newsletter in over 20 years! With the help of PRSSA this publication should be one filled with exciting updates for Speech Comm faculty, students and alumni.

"PRSSA is very proud to be a part of putting out the department's newsletter, especially since it has been such a long time coming. We hope that everyone associated with the department will enjoy all of the material in this first issue," said Chelsea Smitthers, PRSSA member.
